The annual Select/Chuck Dalsin Memorial Golf Tournament was held at the Cedar Hill Golf Course on Thursday, September 18th. The rain held off and it was a very good day overall.

It is always most heartening to see so many of the sponsors back year after year. Some, like Fisgard Capital Corporation, brought a new contest to the tournament this year – Chip a Chick for Charity! (see pictures on page 2) Callum Greig and his team brought in an extra \$320 this way and provided a great deal of entertainment at the same time! Hali Strandlund of Fisgard also announced at the dinner that they would also be making a donation of \$1,000 to Boys & Girls Clubs – music to our ears!

Caorda Solutions, a Double Eagle sponsor (\$1,000 or more) this year, also held a contest that brought in an extra \$250. We are very happy to report that AON and Thrifty Foods increased their support (almost doubling it with their Double Eagle sponsorships!). The Dalsin Family, 'A' Television (formerly A Channel), and Viking Air were back with a Double Eagle sponsorship and we were pleased to welcome Christopher Nordell Denturist as a new Double Eagle sponsor. We are indebted to these steadfast supporters – thank you. A full list of sponsors follows and prize donors can be found in our section "We Thank Our Donors" on page 11 and 12).

For the fifth year we held the Skies the Limit Golf Ball Drop. Once again the Saanich Fire Department generously helped out by bringing a firetruck to the golf course from which Don Barr drop all the numbered golf balls from the bucket. This year's winner are:

Howard Markson - 1st Prize - a trip for two to fly anywhere in Canada that WestJet flies!

DO SOMETHING GOOD FOR YOURSELF AND THE COMMUNITY AT THE SAME TIME!

Treat yourself to the best mortgage with the lowest interest rate and good old fashioned service. I will donate \$100 on your behalf to Boys and Girls Club Services of Greater Victoria with each completed mortgage!

For a confidential, no obligation, mortgage consultation phone 250-483-1375 or visit www.susanshannon.ca.

Proud Supporters of the Boys & Girls Club

Golf Tournament - continued

Sarah McGonigle – 2nd Prize: 32” Sony Bravia LCD HDTV donated by Future Shop

Geoff Parkin - 3rd Prize: A getaway stay in a deluxe room at the Hotel Grand Pacific and a \$50 gift certificate for dinner or spa services. Geoff very graciously offered this up as an auction prize which brought in \$200! Thank you Geoff!

Regrettably, net revenue was down this year – we anticipate we raised about \$14,000 this year. I am confident that next year, however, we will not only recoup our loss in net revenue from this year but begin to build it again to an event that brings in \$25,000 or more!

Above: Pat Fafard “Chipping it in for Charity” at the Fisgard Capital hole.

Above: Don Barr along with a “hot” Saanich fireman dropping the balls!

Above left: Viking Air CFO John Morrison and team member helping set up the muffins and juice at the Thrifty Foods hole - they even set up the tent for us!

Annual Appeal 2008 / Summer Camp

Annual Appeal

Eric Charman was our Hon. Chair this year and he really had the magic touch! Including in-kind donations, we are delighted to report that the appeal brought in \$44,000 – around \$10,000 more than last year which was also a record year! Hey – are we going in the right direction or what!

Mr. Charman wrote a very compelling letter – so compelling that we received donations from businesses and people who had not supported us in the past. We are indebted to him for his support on this year's appeal.

Combined with revenue from BBQs, grants, monthly contributions designated for summer programs and other donations that came in prior to the appeal, we raised almost \$57,000.

Thank you Eric and thank you to all the donors who made this such a successful appeal!

Summer Camp

We have done it again! Another amazing summer at the Boys and Girls Club Earth Adventures Summer Day Camp has come and gone. We really lucked out this year with a phenomenal staff. Khanh Tran, Meagan Runciman, Meredith Kullman, Renee Jones, Erica Paine, Paul Mitchell, Jackie Snell and Chris Hinton did a great job leading our campers through the various activities offered at camp. The groups spent their days swimming, rock climbing, canoeing, tackling the low ropes course, as well as doing archery, crafts, games, and backwoods exploring. We also had a lot of fun on theme days and out trips. A big thanks goes out to

Maurina Sigismund, head camp leader, and returning lifeguards, Melissa Klein and Christina Hofmann. They did a wonderful job keeping us safe and incident free at the front and back pond. Emily Lauritzen, Lindsay Cornell, and Benny Martin provided amazing Adventure Based Learning support, and we even had some familiar faces visit for a while. Both Jennifer Schwingenschloegl and Emily Uffelman spent a few weeks with us helping out at camp. We had an amazing time this summer and cannot wait to build on all of our positive experiences next year. Thanks again to everyone who had a hand in making camp such a success!

Create a Ripple - updates

So much has been happening at camp these days!

The second cabin got underway in September and the log portion of the building went up in one day! These pictures show the progress and the wonderful view over the Strait of Juan de Fuca.

Pat Fafard, General Manager of Peninsula Co-op, presenting Kate Mansell with a cheque for \$10,000. This contribution allowed us to purchase the electric cart that will help us move supplies and people with mobility concerns around the property.

Werner Faust donated a bench that sits on a hill overlooking the views and the parking lot. This bench is in memory of his son, Henning, who had a love of climbing and the outdoors.

The Welcome Centre is looking really good as is the new parking lot.

MADNESS 2009

www.MonopolyMadness.ca

We are pretty excited about **Monopoly Madness 2009!** We have already had two Committee meetings with the second one being held at the new venue – the **Crystal Garden**, the newest addition to the Victoria Conference Centre. This new facility for Victoria will be a stunning backdrop for this increasingly popular – and increasingly successful – event.

We have already secured some sponsors: **Coast Capital Savings** will be back as **Mr. Monopoly**, the event sponsor and we are delighted that **Debi Dempsey, Community Relations Manager for Coast Capital**, is back on board as the **Committee Chair**. **Thrifty Foods** is also back again at the **Tycoon** level – another very generous sponsorship – and **Milford Sorensen, CEO for Thrifty Foods**, has stepped up to the plate again as **Honorary Chair**. **'A' Television**, and **Kool FM/C-FAX 1070** will be back as **Media Moguls**; **Digital Direct Printing** has agreed to take on

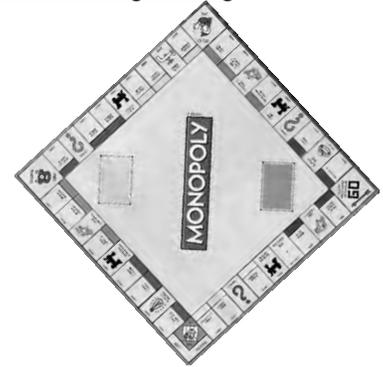

all the printing; and **Caorda Solutions** is sponsoring the Monopoly Madness website. And of course, the **Victoria Conference Centre** and the **Fairmont Empress** are also crucial early sponsors.

Monopoly Madness is a unique partnership between Boys & Girls Clubs and the BC Paraplegic Association. We are organizations with dissimilar missions, however, we function very well as a team on this event. With an obvious goal to raise as much money as possible, we also share the commitment of making sure our sponsors and guests have a great time.

Supporting this event really stretches your charitable giving and sponsorships budget as this event supports two very worthy organizations. The BC Paraplegic Association provides invaluable services to thousands of BC residents with spinal cord injuries and other physical disabilities to enable their transition from hospital care to the community. Boys & Girls Club

Services of Greater Victoria offer a wide variety of programs and services to over 2,000 children and youth in our community each year. As an added bonus, money raised at this event stays in our community. Whether this is your first time as a supporter or you are returning to experience another fun and exciting evening, you are helping ensure the services these two organizations provide continue to be a part of our "Community Chest".

We hope to see you on **Saturday, March 7th, 2009!** If you are interested in sponsorship or purchasing a table or tickets (\$150) please call me at 384.9133 or 478.3872 or email me at kmansell@bgcvc.org.

Who Will Supervise Us On The Street? by Kate Mansell

City Central – Keeping Kids Off the Street

When Central Junior High School became a middle school in 2002 with a student population in the 10-14 age range we saw an obvious need to provide after-school programs for those students. For the younger students coming from the five feeder elementary schools to a large school like Central it could be a little overwhelming. We wanted to provide safe, accessible, and age-attractive programs that encouraged educational, recreational, and social skill improvement. In September 2002, we opened City Central at 1240 Yates Street and participants were able to enjoy fulfilling activities (e.g. woodworking, pottery, ping-pong, foosball, billiards, computer use,

sports, rock climbing, out trips) in an environment that was safe and fun. Attendance grew steadily and in 2006/2007 there were over 100 members with an average daily drop-in rate of 28 youth.

Due to supervision issues in the huge facility on Yates Street with three levels and the nature of drop-in programs, we had youth in parts of the facility with no direct supervision. Funding restraints prevented us from hiring more staff and the decision was made not to re-open in September 2007. Our other after school programs' operating budgets were supplemented through licensed after-school programs but this was not the case with City Central. We had to heavily subsidize the City Central program as very few youth attending paid our minimal registration fees.

Parent involvement was minimal at best.

Of particular interest to Boys & Girls Clubs is working with youth from families who are impoverished financially or lack support from a strong family unit. From consultation with the Youth & Family Counsellors at Central Middle School we discovered the highest need is for programs for youth who do not have the family supports that get them engaged in recreation, community activities and supplemental educational opportunities. These youth want to "hang out" in unstructured activities - our challenge is to develop programs that appear to be drop-in but have definite parameters.

After closing City Central we still had youth trying to play basketball. When I

The Monopoly Madness Committee is so pleased that these sponsors are returning for 2009....

Volunteering – by Sarah Hancock

“Imagine that you have total power, and you decide to share it with nine other people. How much do you have left? One tenth of what you began with. Imagine you have a sum of money, and you decide to share it with nine other people. How much do you have left? One tenth of what you began with.”

“Now suppose you have a certain amount of love or friendship or influence or ideals and you decide to share those with nine other people, and you do share them, do you have more or less than you began with? You probably have ten times as much.”

Dr. Jonathan Sacks
Chief Rabbi of the UK

Fate has happily deposited me here in this beautiful city to act as the new Volunteer Coordinator at Boys & Girls Club Services of Greater Victoria. As a newcomer to Victoria, and to this organization, I believe I am well placed to pass on some perspectives on this place and its work in the community. Firstly, it rocks! Already I am impressed

by the abilities, drive and passion of the staff across the wide range of programs run here. Secondly, it is a great partnership: we couldn't do it without the warm responses and support from community businesses and individuals.

Two examples of that partnership are the generous grants from both TELUS and the Ministry of Public Safety & Solicitor General's Gaming Branch, which have enabled Boys & Girls Club Services to expand our Volunteer program. These grants will help us support more volunteers in our programs, which in turn will generate 'gifts' for our staff, the children and youth we serve, and the volunteers themselves. As shown in the quote above, volunteering is a way of giving that has great returns!

My job is to recruit and supervise the volunteers to ensure the best possible outcome from their volunteer experience. I would love to see a wide spectrum of volunteers helping out with the Boys & Girls Club, and considering the range of volunteer roles we have, I believe there is something that could appeal to everyone. Volunteers usually assist in these areas:

- Direct service, in Community Clubs or specialized programs
- Boards and Advisory Committees
- Environmental/Camp task force
- Special events and fundraising

But if you have any further ideas for how you could help out I am excited to hear about them!

So how would you like to bring out the sports hero / entertainer / events planner / nature lover / advisor / listener in you??? Perhaps you would want to first dip your toe in (literally) at our Adventure Camp Carnival or jump right in by helping out at one of our after-school programs. The first thing to do is to contact me and we can talk about the many options. If you're looking to learn new skills, do something rewarding with your free time and make a difference to the community you live in then please contact me about getting involved. I can be reached by email at shancock@bgcvc.org or by telephone at (250) 384.9133.

Legacy Gifts

Think of Charitable Giving as an Opportunity, Not a Cost

Philip Bisset-Covaneiro Investors Group Consultant

"Think of giving not as a duty but as a privilege." John D. Rockefeller Jr.

I look forward to changing the belief that giving can only be done by the financially fortunate. You don't have to be wealthy to take action: sometimes, a well-placed gift of a few hundred dollars can make all the difference to a charity in the delivery of its programs and services. Incorporating Charitable Giving with your estate planning allows you to shape and define your legacy; whatever your interest, whatever your passion, you can make a difference.

If you are living right now on a \$300,000 **RRIF** and withdrawing your

minimal obligated amount the following strategy may intrigue you.

Assume for a minute that you designate your \$300,000 RRIF to your estate. The tax implications of doing so can push the recipients of the monetary proceeds to the highest marginal tax rates (43.7% in BC). This is also the percentage now owed back to the CRA which works out to be \$131,100.00. Ouch!

For arguments sake, let's look at it from another perspective. What if you take your minimum RRIF withdrawals and fund a \$300,000.00 joint, last to die Insurance policy and designate your heirs as beneficiaries. Then, designate the Charity of your choice to be the beneficiary of your \$300,000.00 RRIF. In this case, the Charity pays no tax (as per CRA regulations) your heirs

receive the Insurance Proceeds tax free and the CRA receives zero income from the disposition of your RRIF.

Could this be the approach for you? Perhaps, but please consult with an Advisor that you trust to ensure that this is the right move for you.

Philip Bisset-Covaneiro is a Consultant at Investors Group. He can be reached at philip.bisset-covaneiro@investorsgroup.com

Strategic Plan Review by Ralph Hembruff

We are in the process of formalizing our strategic visioning methodology and this process will provide our agency with the opportunity to fully review where our existing strengths lie, what our current and projected challenges will be, and how we will approach these challenges utilizing internal strengths and acquiring additional competencies. Together, we will use this opportunity to mutually determine what our preferred future will look like and what strategies we will employ to ensure we get there.

For quite a while we have been struggling under the constraints of reduced funding and diminished infrastructure.

- › We have “lost” a number of management and support positions and simply “reassigned” many of the duties and responsibilities to existing job descriptions.
- › The complexity and severity of program related issues have increased without any associated increase in supplementary resources (in fact, just the opposite is true).
- › The extra “layer” of accountability and

measurement practices imposed through the expectations of accreditation require different knowledge sets and requisite skills.

Combining this recognition of changing expectations with the fact that my personal skill sets and corporate memory will soon be removed from the overall equation (Editor’s Note: Ralph has announced his retirement will come in 2010), lead me to conclude we needed to realign our management structures. Right from the beginning of this era of cutbacks and changes, we have gone with a policy of containing “collateral damage” within the existing funding streams. In some cases this has meant the termination of a management position or realigning existing programs within our current management structure. The time has come, however, to organize our limited resources in a more intentional way. At this point one concept is a realignment of managerial expectations/roles and responsibilities based on existing and required skill sets.

There are a number of practical aspects we need to take into

consideration. We definitely need managers to exercise day-to-day supervision and support for their cadre of programs. It might make sense to have a “manager” with direct responsibility for quality assurance practices – including development of logic models, data collection and report generation – someone with the specialized knowledge to provide support around these functions. Similarly, there is a need to provide better coordination around program and project development.

There are a number of other areas where a realignment of skills and expectations could create efficiencies. Our strategic visioning processes will definitely look at functional needs and creative ways to best address them. We can expound upon many examples of stellar performance throughout our agency and just as easily point out many challenges and areas where we could make vast improvements in our processes and responses. In fact, we intend to do just that.

Feasibility Study - Exploring Ways to Work More Efficiently!

Boys & Girls Club Services of Greater Victoria and Big Brothers Big Sisters of Victoria are each experiencing risk and challenges related to:

- Escalating operating costs
- Inadequate and/or aging facilities
- Public confusion about our identities and programs and services for children and families.

Through a collaborative process, the agencies plan to explore possibilities and options to:

- Optimize efficiencies and potentially realize improved utilization of resources currently allocated to administrative, facility and/or operational functions
- Co-locate in existing or new facilities that meet current and future operational needs
- Help clients connect to services and programs at our agencies and at other youth serving agencies in the region

Both agencies are interested in a partnership that builds and enhances organizational and operational capacity; identifies best practices, opportunities, and risks; leverages resources; and, potentially, realizes cost savings through collaborative programming and co-location in an existing or new facility or facilities. At this time, neither agency wishes to explore options that include significant reductions in programming or staffing levels as a means of reducing costs.

Boys & Girls Club Services of Greater Victoria and Big Brothers Big Sisters of Victoria recognize that this is an exploratory process and while we do not have pre-determined outcomes in regards to recommendations and actions, it is **not** our intention to amalgamate the two agencies.

With the great news that the United Way has dedicated \$50,000 (over two years) to support our feasibility study

with Big Brothers Big Sisters, we have mobilized a Capacity Building Committee comprised of Board members Bill Snowdon and Bob Moysey, along with our Executive Director, Ralph Hembruff and Director of Development, Kate Mansell. There are four similar representatives from the Big Brother Big Sisters organization (Paul Abra, Board President, Jim Ralph, Past President, Rhonda Brown, Executive Director and Lisa Port-Mutland, Manager of Development).

We are very excited about the possibilities this can bring to both of our organizations. We have very similar missions and often work with the same children, youth and families. This is about expanding our reach and optimizing our service to children and youth in our community.

Adventure Camp Carnival

They started arriving right at 11 am and kept on coming! We conservatively estimated having over 400 people at the event over the 4 hour period and judging from the smiles and comments that staff and volunteers received, everyone had a wonderful time!

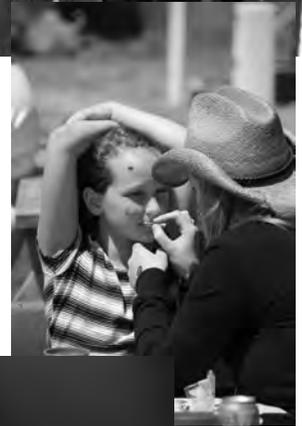

The bouncy obstacle course was a big hit as was the climbing tower. But the dunk tank, canoeing, archery, and fish pond certainly drew their share of attention too!

And what about the concession?!? Who can resist a hot dog or hamburger barbequed outdoors!

We cannot say enough about the wonderful volunteers and staff who pulled together and made this Carnival event the best ever. Thank you! You created a memorable day for so many kids and families!

We are also extremely grateful to all of our sponsors: Foresters, Thrifty Foods, Tim Hortons (View Royal), Peninsula Co-op, Wal-Mart (Langford), Wal-Mart (Town & Country), Safeway (Fort & Foul Bay), Safeway (Tillicum). A full list of supporters can be found on page 11.

On top of it all we netted just over \$7,000 which will be split between Boys & Girls Clubs and Big Brothers Big Sisters. Way to go everyone!

News Bits

AGM

We received some very nice feedback on the AGM – we seemed to hit the spot with moving the reception to the beginning, having the right mix of speakers, good staff recognition and just the right length. Our thanks to the speakers: Jan Townsend who spoke on behalf of a Parents Together parent; Hunter MacDonald, the 2008 Future Shop Future Leader Scholarship winner from our Central Saanich Club; Mary Stocks, a Care Home parent; and Eric B who did a great job! It was also a pleasure to see Tom Christensen, Minister of Children and Family Development, attend for the reception.

From left: Lorne Campbell, Vice President, Foundation Board; Hon. Tom Christensen; Kris Charmley, President, Foundation; and our Executive Director, Ralph Hembruff

National Grants

Way to go Kyla Sanderson – we have been granted \$2,000 from the GAP Leadership in Training program and \$10,000 from the Nutrition program grants.

Summer was BBQ Season!

We had three BBQs at **Sears** with proceeds totaling \$621.53, with each succeeding one bringing in a little more!

Future Shop also hosted a BBQ for us on May 17th during their tent sale. The BBQ raised \$432.78 and \$10 from each appliance sold was also donated, adding another \$150 to a very successful day!

Supervise - City Central Project - continued from page 3

unfortunately had to ask them to leave after explaining there was no one to supervise them, one youth stated "Who is going to supervise us on the street?" It broke my heart and I became determined to find the funding to re-open.

The City Central Club will serve youth aged 10-14 and will be a safe, supportive place to build personal capacity, build community capacity, and foster participation in healthy activities. Youth will have a safe place to learn, to have fun, and to participate in constructive activities. Specifically, the project will:

- Build youth's personal capacity by providing a forum for young people to experience physical, social and educational activities that are fun and engaging and that build personal skills that are transferrable to other areas of their lives.
- Build a sense of community amongst young people in the downtown neighbourhood, as youth get to know each other in a safe and supportive place.
- Build a sense of community amongst students from Central Middle School.
- Build youth's capacity to socialize with other youth in a respectful way, in a safe environment, under the supervision of skilled staff and volunteers.

- Encourage the sharing of physical and human resources between other youth serving organizations in the area.
- Provide leadership development and support for youth. Staff are an excellent resource and knowledgeable of community resources. Youth will build relationships with staff, will feel a sense of community, and will learn about partner organizations and other services that may be available to them.
- Offer non-traditional sport related activities such as ping-pong, yoga, foosball, and pool. Skilled staff will be responsible for making sure all activities and games follow the principles of sportsmanship. In this way, in addition to improving physical health, youth will improve their ability to participate appropriately in sporting activities, and to build relationships through sports.
- Offer cooking classes in our kitchen to teach children how to prepare healthy meals as well as provide information on healthy diets and the value of healthy eating.
- Incorporate, through informal discussions, the value of a healthy life style and encourage participation in physical activity, wherever possible.

We know they need a place to go but we want to ensure we are doing it in a cost-effective, sustainable, risk-managed way that provides the best service to the youth.

We were fortunate to receive a **Sears After-School Enhancement Grant** that, coupled with a donation from **Tinhorn Creek Vineyards** and revenue from the **VIATeC/Metamend Floor Hockey Tournament (TELUS Corporation matching Telus Employees Floor Hockey Team, Metamend, ParetoLogic, Reliable Controls Corporation, and Schneider Electric)** is allowing us to run programming two days a week for the after school period. This just got underway last week and it is a great start but we really would like to see programming expand to five days a week – and not just for this year.

If you are interested in supporting this project please call me at 250.384.9133 or email me at kmansell@bgcvc.org.

LATE BREAKING NEWS: We just got word that the Rotary Club of Victoria has approved a grant of \$20,000! This will allow us to open for two more days this year! Rotary rocks!

We Thank Our Donors

We are very grateful to the following donors who have contributed to the Boys & Girls Clubs of Greater Victoria Foundation from 31 March to 3 October 2008. We have endeavored to make this list as complete and accurate as possible and apologize for any errors or omissions.

Together We Can Make A Difference !!

Boys & Girls Club Services of Greater Victoria are grateful to receive funding from a variety of sources which allows us to continue delivering quality programs that address the current needs of youth and their families. If you have not already supported us this year please take a moment to clip this form and send it along with your donation to The Boys & Girls Clubs of Greater Victoria Foundation, 1240 Yates St., Victoria, BC V8V 3N3.

Official receipts will be issued for income tax purposes. Foundation Charitable Registration 89051-1975 RR0001.

Thank you for your support!

- Please send me information on legacy gifts.
 Please remove my name from your mailing list.

Davis Realty Corporation Proudly Supports Boys & Girls Club Services of Greater Victoria

As an ongoing corporate program Jack Davis, owner of Davis Realty Corporation, will donate a substantial portion of any commission earned on a real estate transaction conducted through his company. A tax receipt will be issued in your name. All you or anyone you know has to do is state that they wish to have a donation made to the Boys & Girls Club at the conclusion of their real estate transaction.

Jack's Personal Service Line: 598-6200 Email: jdavis@davisrealty.ca
